has no doubt of his being a loyal citizen. He stated that the applicant  
came to Fisk University in September, 1928, as the Head of the Department  
of Sociology, which position he held until 1947, when he was made President  
of the University. During the time he has been at Fisk, he has attained  
the reputation of being one of the outstanding educators in the United  
States. He has served on many Governmental Commissions with the United  
Nations and on many private boards, particularly those having to do with  
education. [redacted] stated he could not recall from memory all of the  
organizations with which the applicant has been associated. He stated  
in connection with his official duties, JOHNSON has traveled widely  
throughout the United States and a large portion of the world, and that  
resulting from his travels he has friends and associates in the fields  
of education and race relations throughout the United States and other  
parts of the world.

[redacted] advised that in view of JOHNSON's interest and work in  
the field of race relations, particularly with regard to the negro situation,  
he is sometimes regarded as a liberal and would probably classify himself  
as such. He stated, however, that any activities in which JOHNSON has  
participated resulted from the highest motives on his part, and that he  
has no subversive tendencies whatsoever.

[redacted] Fisk University, Nashville,  
Tennessee, advised that he has known Dr. JOHNSON for many years and has  
been associated with him at Fisk University. He stated that JOHNSON is  
an extremely high type of individual who bears an excellent reputation  
among all of those who know him and among persons in the field of education.  
He stated that he has a very wide acquaintanceship among educational leaders  
throughout the United States, and that all of his associates are above  
reproach. [redacted] stated that he considers Dr. JOHNSON to be extremely  
loyal and patriotic, and that he knows he has no subversive tendencies  
whatsoever. He stated in this regard that he knows because of his own  
dealings with JOHNSON at Fisk University, JOHNSON has attempted to be  
extremely careful to keep all subversive influences away from Fisk University  
because he considers it extremely dangerous for University students to be  
subjected to such influences, inasmuch as they are immature and impressionable.  
He said he knows that in the past when it has come to the attention of  
JOHNSON that any person connected with the school has exhibited any type  
of subversive tendencies, JOHNSON has taken immediate steps to have this  
person removed from the school.

123-12551-28

[redacted] Fisk University,  
advised that he has been associated with Dr. JOHNSON [redacted]  
[redacted] He stated that he considers him to be a man of excellent character, one who is highly regarded by his associates in the field of education, and a man of outstanding ability. He advised that he considers JOHNSON to be a loyal and patriotic citizen and a person who has no subversive tendencies whatsoever. [redacted] stated he does not know all of the organizations with which Dr. JOHNSON has been associated, but that he does know that because of his interest in the field of social science, he has been connected with many organizations in his lifetime. He stated he does not know that any of the organizations with which Dr. JOHNSON has been associated are in any way subversive, but stated if it happened that they were, it is his opinion JOHNSON's motives for being connected with the organizations were entirely innocent of any subversive tendency.

[redacted] Fisk University,  
Nashville, Tennessee, advised that she has known Dr. JOHNSON for many years, and stated she regards him as a very high type of individual. She advised that he is outstanding in the field of education and is highly regarded by his associates. She stated he is of excellent personal character and that his associates are above reproach. [redacted] stated that because of Dr. JOHNSON's interest and research in the field of social science, in particular in the field of race relations, he is regarded as a liberal. She stated that by this she meant that some of his ideas differed from what is the general practice in the South. She advised, however, that there is no question as to Dr. JOHNSON's being a loyal citizen of the United States, and that she believes him to be opposed to any type of subversive activity, stating he would probably be the first to fight against such subversive activity.

b6

[redacted] Fisk University,  
Nashville, Tennessee, formerly Assistant to the President, upon being interviewed, furnished the following written statement:

"Nashville, Tenn.  
December 11, 1951

"I, [redacted] make the following voluntary statement to [redacted] who has identified himself to me as a Special Agent of the Federal Bureau of Investigation.

"I have known Dr. Charles S. Johnson since the summer of 1938 when I first became associated with him as a research fellow in the Department of Social Sciences at Fisk University. In this capacity I worked on the research that was current in the department at that time, three of which appeared later as publications.

ME #123-356

"My knowledge of Dr. JOHNSON as a person would lead me to believe that he is a person of excellent character, sound judgement and a person intensely interested in working for social development within our present democratic framework. He enjoys the highest reputation of people, not only within his field of competence, but a larger public as well.

"I have observed nothing which would lead me to believe that Dr. JOHNSON is not a loyal citizen.

"Because of his interest in interpreting and understanding problems, Dr. JOHNSON has participated in numerous organizations, two of which later have been termed subversive. I know that he participated in the activities of the Southern Conference of Human Welfare and the Southern Negro Youth Congress, and here as in other organizations, he brought to bear the scientific knowledge and human understanding which characterizes his approach to problems. Even within these organizations Dr. JOHNSON approached them with a type of realism which is consistent with our whole democratic philosophy as is opposed to any subversive approach.

"I have read the above statement and it is true to the best of my knowledge.

It will be noted that the Southern Conference for Human Welfare has been cited by the House Committee on Un-American Activities as a Communist organization, and the Southern Negro Youth Congress has been cited by the Attorney-General as a Communist organization coming within the purview of Executive Order 9835.

In October of 1944, [redacted] of Fisk University, Nashville, Tennessee, advised in connection with another investigation that he had known Dr. JOHNSON [redacted]. He stated it was at his suggestion that JOHNSON was brought to Fisk University and was made head of the Social Science Department, which position he held at the time of that interview. He stated JOHNSON's reliability, honesty, patriotism, and loyalty to the United States were unquestioned. He stated, however, that both he and JOHNSON were "a little to the left." He explained that Dr. JOHNSON was not a Communist, but was "a little to the left of the middle of the road trend." He advised that JOHNSON's activities in research as a student of social science carried him into many organizations, some of which probably had Communistic tendencies. [redacted] stated that JOHNSON was perhaps the best informed person in the South on the true negro situation.

ME #123-356

Dr. JOHNSON was interviewed in connection with another matter in October, 1944, at which time he advised that he had served on the Advisory Committees of both the Southern Conference for Human Welfare and the Southern Negro Youth Congress.

On December 7, 1951, Dr. JOHNSON was interviewed by the reporting agent in connection with another matter, at which time the Southern Negro Youth Congress and the Southern Conference for Human Welfare came into the conversation. He stated that he had been active in both organizations and had been on the Advisory Committees for both organizations. Dr. JOHNSON stated that his interest in the organizations had been because of the fact that they purportedly were interested in formulating some plans for the improvement of social conditions in the South, particularly with relation to the negroes, and that they purported to make a study of such social conditions from an intellectual standpoint. He stated that because of his interest in race relations and in the field of social science, he became connected with the organizations. He stated he subsequently left the Southern Negro Youth Congress because of some of the trends of activities with which he did not agree and which he suspected were motivated by subversive interests with which he wanted no part. He stated that possibly there were members of the Southern Conference for Human Welfare who had subversive tendencies; however, he noted no degree of control over the organization as a whole by these people. He stated that in the event he had noticed such control by subversive individuals, he would have opposed them within the organization.

[redacted] Commerce Union Bank, Nashville, Tennessee, [redacted] for Fisk University, advised that he was acquainted with Dr. JOHNSON while a member of the board of Fisk University. He stated he considers JOHNSON to be of good reputation and character, a man of good associates, and one who is loyal to the United States. He stated he knows of no subversive tendencies on the part of JOHNSON and knows of no membership on the part of JOHNSON in any type of subversive organization. In this regard, [redacted] stated that he had heard that JOHNSON had been associated with the Southern Conference for Human Welfare when that organization had its headquarters in Nashville, Tennessee. He stated in his own personal opinion, this organization was subversive. He said, however, that he had no actual information about the organization; nor did he know enough concerning JOHNSON's relationships with the organization to furnish any statement concerning it. [redacted] stated he would be willing to testify before any hearing board concerning JOHNSON.

MISCELLANEOUS

[redacted] Tennessee State University, Nashville, Tennessee, advised that he has known Dr. JOHNSON as a fellow educator for many years, stating he is a man of highest integrity and one who has an excellent reputation among his associates in the field of education. He stated he considers JOHNSON to be a loyal and patriotic citizen and a man whose associates are above reproach.

ME #123-356

In October, 1944, [redacted] Tennessee A & I College, which is now Tennessee State University, Nashville, Tennessee, advised that he had known Dr. JOHNSON for a period of 10 or 15 years at that time. He stated Dr. JOHNSON was neither a Communist nor a radical, but as a student of social science he would join organizations that appeared to have Communist tendencies. He stated this was because of JOHNSON's interest in social science, and that he would join organizations which purported to study and improve social conditions. He characterized JOHNSON as being quite loyal and patriotic, stating he was one of the best informed persons in the South on the true negro situation as a result of his research into negro problems and conditions. He stated that he considered JOHNSON to be one of the outstanding men in the United States, and advised that he was perfectly reliable and trustworthy.

[redacted] was interviewed concerning Dr. JOHNSON on December 13, 1951, at which time he stated his opinion of Dr. JOHNSON had not changed. He advised that he knew of no organizations of which JOHNSON had been a member which had any subversive tendencies. He stated it was possible JOHNSON was associated with both the Southern Conference for Human Welfare and the Southern Negro Youth Congress, and he felt this was probably correct. He stated, however, he had no first hand knowledge of his association with these organizations. He said that he felt if JOHNSON were associated with the organizations mentioned, he would have been motivated by highest principles and would not have agreed to any subversive activities on the part of the organizations. [redacted] advised that inasmuch as he did not have any specific information concerning JOHNSON's membership in these organizations, he did not desire to furnish a statement.

At the time of the interview [redacted] made available a brochure on Dr. JOHNSON, which was prepared by the Office of the President of Fisk University in July of 1951. This brochure is as follows:

CHARLES S. JOHNSON was born in Bristol, Va. on July 24, 1893, the son of a Baptist minister. His education was received at Wayland Academy, Virginia Union University, and the University of Chicago where he pursued graduate study in the field of Sociology.

While at the University of Chicago he assumed the responsibility of director of Research and Investigation for the Chicago Urban League and in 1919 was appointed Associate Executive Secretary of Chicago's Commission as Race Relations created by the Governor of Illinois following the race riots in that city. The volume, The Negro in Chicago, 672 pages, published by the University of Chicago Press in 1922 resulted from this work.

He stated that applicant had been active in "Opportunity", a Negro magazine for the National Urban League in New York, and as an adviser to the Haitian Government on mass education, the purpose of which was to educate Haitians to democracy. He also advised that applicant had been a member of the MacArthur Commission in Japan where he helped reorganize the Japanese schools to teach democracy. [redacted] advised that the principal textbooks used at the school were EARL BROWDER'S writings. One lecture prepared at the college for delivery and distribution advocated open revolution by the negroes in the South and advised them to seize the "black-belt" territory and establish their own independent government.

In 1940, at the time Commonwealth College was closed, [redacted] assisted in examining the library of that school. He examined approximately 5,500 to 6,000 volumes and found all but about 1,500 books were made up of Communist propaganda. Pamphlets entitled "Arkansas Greetings to the Chicago Peace Mobilization" and "The Arkansas Road to Security and Peace", which was the 1940 Arkansas Communist Party Election platform had been printed in the college print shop and were found stacked in that shop.

[redacted] has observed the students and faculty members of Commonwealth College selling "The Daily Worker" on the streets of Mena on numerous occasions.

He advised that [redacted] who was associated with Commonwealth College for many years as a maintenance worker and teacher, was a candidate for Governor of Arkansas on the Communist Party ticket in 1940.

Prominent Communists often appeared at Commonwealth College as lecturers or visitors. Foremost among these was ELLA REEVE BLOOR (Mother Bloor), a member of the National Committee of the Communist Party.

The September 15, 1935 issue of the Fortnightly, bi-monthly publication of Commonwealth College, reported that

Mother Bloor gave a series of 16 talks over a two weeks period at Commonwealth College.

The August 1, 1936 issue of the Fortnightly reported that Mother Bloor would be on the Commonwealth College campus for two weeks for a series of lectures.

The August 15, 1936 issue of the Fortnightly reflects that Mother Bloor gave a talk on July 24, 1936 at a public gathering in Mena, Arkansas during her two weeks stay at Commonwealth. [redacted] advised that this talk was

[redacted] also a member of the Commonwealth College Staff.

The pamphlet entitled "Investigation of Un-American Propaganda Activities in the United States", published May 29, 1946, by the Special Committee on Un-American Activities, U. S. House of Representatives, reflects that Commonwealth College received extensive donations from the Communist-supporting Garland Fund (Massachusetts House Committee on Un-American Activities, Report 1938, p. 320). This pamphlet also reflects that the Garland Fund is "properly known as the American Fund for Public Service, and has contributed more than \$1,500,000 all to the furtherance and support of left-wing and Marxist projects" (Massachusetts House Committee Report on Un-American Activities, 1938, p. 204). This fund "had as its trustees the leaders of the Communist Party in America" (Massachusetts House Committee Report on Un-American Activities, 1938, p. 113).

On April 21, 1949 the Attorney General designated Commonwealth College as a Communist organization within the purview of Executive Order 9835.

No further identifying information concerning JOHNSON was reflected.

The records of the House Committee on Un-American Activities reflect one CHARLES JOHNSON, not otherwise identified, as a member of the Advisory Committee of Commonwealth College, Mena, Arkansas. The source of this information was said to be the June, 1939 issue of the "Commoner", Commonwealth College publication.

[redacted]  
Arkansas, has in his possession a card index system containing the names and addresses of faculty members, students, maintenance workers, and friends of Commonwealth College, which was seized by Polk County Law Enforcement Officers at the time the college was closed. Examination of these records failed to reveal the name of CHARLES JOHNSON. [redacted] does not have copies of the Commonwealth College publication known as the "commoner" and he was unable to advise where copies of this publication might be located. He did have copies of the Commonwealth College Fortnightly from February 1, 1926 to March 15, 1938 and examination of the issues of this publication failed to reveal any mention of CHARLES JOHNSON.

**TO :** DIRECTOR, FBI (123-12551)

**SUBJECT:** CHARLES SPURGEON JOHNSON  
SPECIAL INQUIRY-STATE DEPARTMENT  
Public Law 402, 80th Congress  
VOICE OF AMERICA

Enclosed herewith is the report of Special Agent [redacted]  
dated January 4, 1951, at Washington, D.C., in the above-captioned matter.

It is noted that Bureau letter of December 5, 1951 reflects a confidential and reliable source advised that one CHARLES S. JOHNSON of Fisk University was listed as a sponsor and endorser of the Fourth Annual Conference of the American Youth Congress on March 2 and 3, 1940 at Washington, D.C. A check of available field office records fails to reflect any information in this regard. It is noted, however, that on the above dates one CHARLES S. JOHNSON, not otherwise identified, was listed as a sponsor of the Fourth Annual Conference, American Committee for the Protection of Foreign Born, which was held at the Annapolis Hotel, Washington, D.C.

b6  
b7C

In the case entitled National Civil Liberties Clearing House report of [redacted] dated May 2, 1950, Washington, D.C., there is listed a provisional program for the Third Annual Conference of Civil Liberties sponsored by the National Civil Liberties Clearing House. This conference was scheduled to be held on February 23 and 24, 1950 at Washington, D.C., and reflected Dr. CHARLES S. JOHNSON as a member of the Advisory Board.

Inasmuch as the above organization has not been cited by either the Attorney General or the House Committee on Un-American Activities, it was not included in the details of the report.
